OPEL

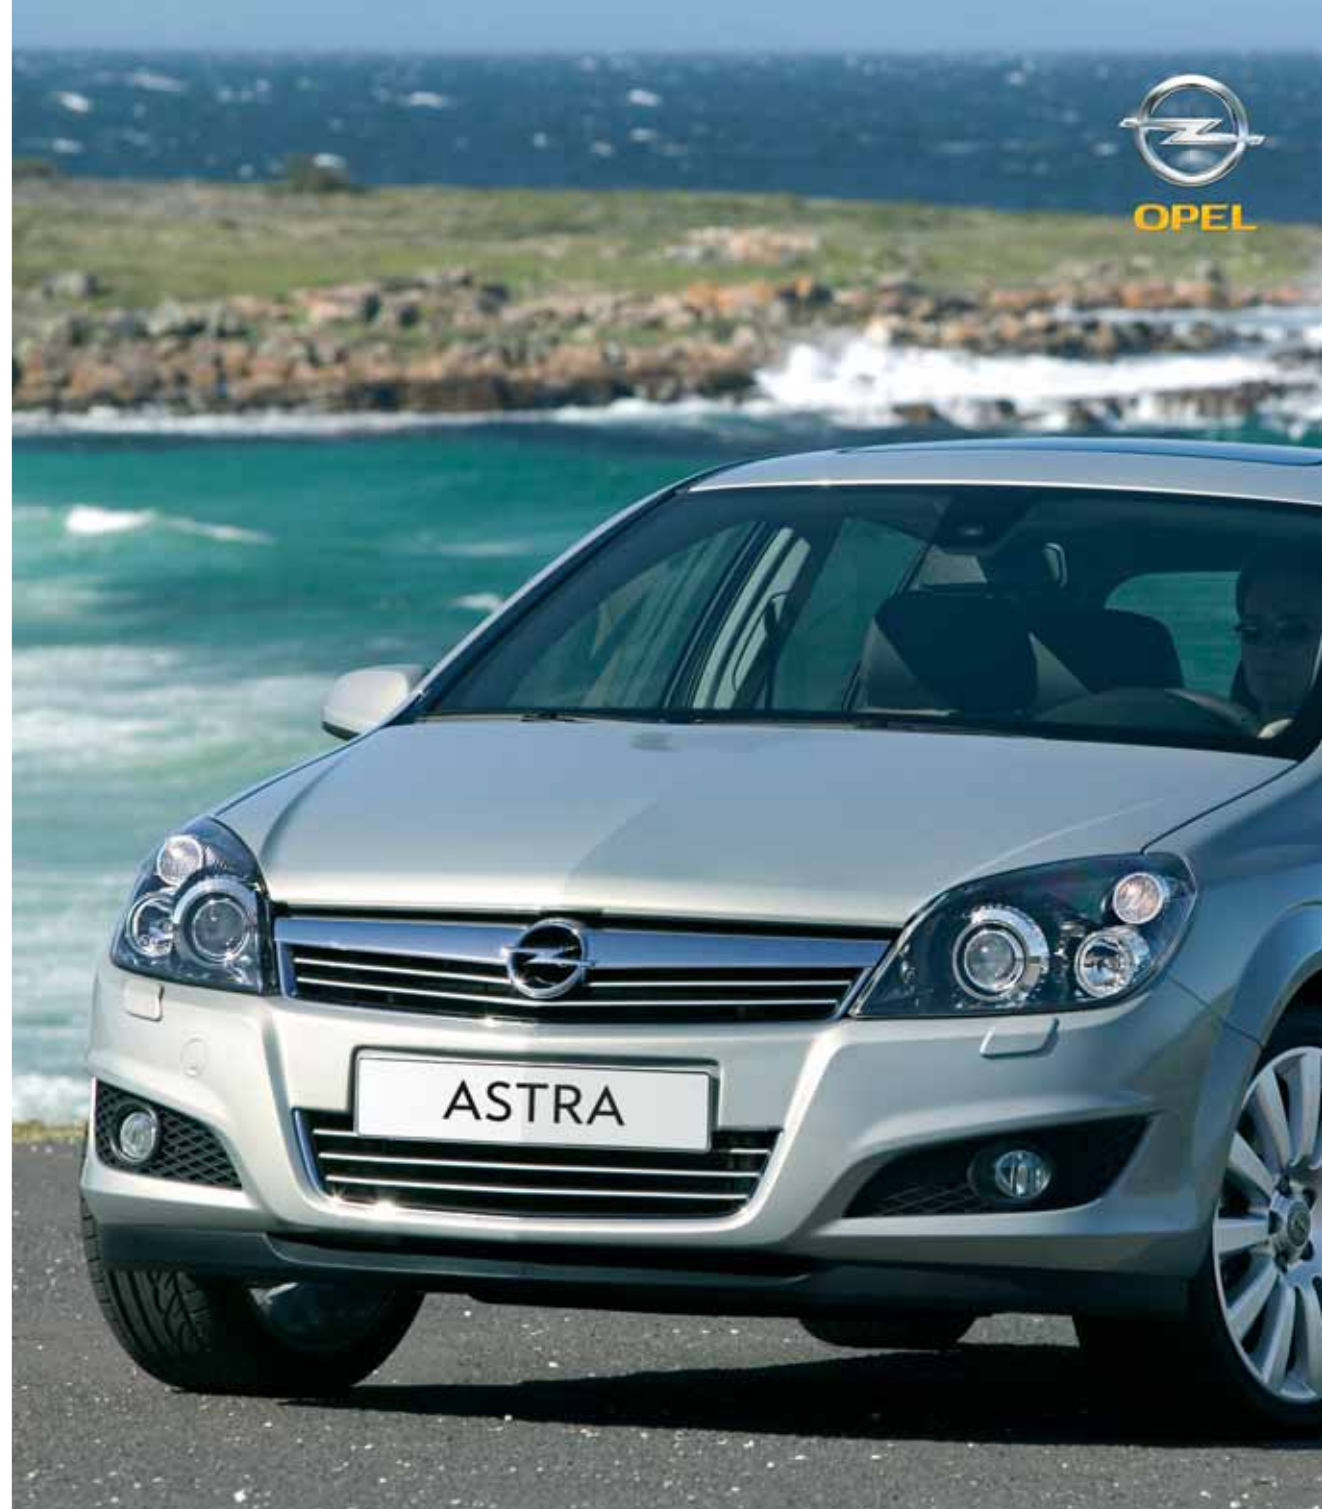

Astra

It only takes a split second glance to be completely captivated by the Astra's dynamic design.

Sculptured to entice, the Astra's distinctive V-themed symmetry, muscular stance and flowing lines, visually prepare one for a driving experience that's most certain to be unforgettable.

The Astra range leaves you spoilt for choice offering a variety of petrol, diesel and transmission options whilst exceptional control and responsive handling take care of possible daunting surfaces and imperfect climatic conditions.

Safety, of course, does not take a back seat in the Astra. Active and passive safety measures complement each other to ensure a ride that's worthy of its 5-star Euro NCAP rating. Even more so than prevention and protection, it offers peace of mind.
